

Science GPA Courses

Please review the tables below to determine which courses you have taken calculate into your science GPA for admission to a College of Allied Health program and which do not. If you have a question regarding courses not listed below, please contact us by email at alliedhealth-info@ouhsc.edu or by telephone at (405) 271-6588.

Courses that calculate into your science GPA:

Anatomy (Human)
Animal Biology
Biochemistry
Biology
Cell Physiology
Cell Biology
Chemistry
Cytology
Embryology
Endocrinology
Epidemiology
Genetics
Herpetology
Immunology
Invertebrate Zoology
Mammalian Anatomy
Marine Biology
Mechanics & Heat (Physics)
Medical Physics
Microbes (Health/Disease)
Microbiology
Neurobiology
Oncology
Organic Chemistry
Organismic Biology
Parasitology
Pathology
Pathophysiology
Pharmacology
Phlebotomy
Physics
Physiology (Human)
Vertebrate Anatomy
Vertebrate Zoology
Virology
Zoology

We Empower Life...

Courses that do NOT calculate into your science GPA:

Applied Anatomy
Aquatic Biology
Astronomy
Astrophysics
Biometrics or Biometry
Biostatistics
Botany
Earth Science
Ecology
Entomology
Environmental Sciences
Evolution
Geology
Geography
Health and Exercise Science <i>(no courses in this subject area are calculated in the science gpa)</i>
History of Biology
Hominology or Homology
Intro to Pharmacy
Kinesiology <i>(no courses in this subject area are calculated in the science gpa)</i>
Life Science
Math
Medical Terminology/Vocabulary
Metaphysics
Nutrition <i>(Intro to Nutrition is calculated in the science GPA for Dietetic applicants ONLY)</i>
Oceanography
Physical Science
Physiology of Exercise
Plant Biology
Psychology
Radiology
