

**A full-time faculty position is available at The University of Oklahoma,
College of Allied Health, Department of Medical Imaging and Radiation Sciences**

**Clinical Coordinator / Radiography
Rank: Assistant Professor**

Minimum Qualifications:

- Earned Master's degree
- ARRT Certification in radiography
- Minimum 2 years clinical experience in radiography

Desirable Qualifications:

- Prior teaching experience in an accredited professional radiography program
- Additional advanced ARRT certifications in MRI
- Experience in distance education, web course design, and instructional technology
- Administrative Experience
- Earned doctoral degree

Knowledge, Skills, and Abilities:

The clinical coordinator must possess the ability to direct the clinical education of radiography students and participate in delivery of departmental and programmatic coursework. Demonstrated leadership in professional multidisciplinary interactions and a strong record of verbal and written communication skills is required.

Major Responsibilities:

1. Assume responsibility for instruction in programmatic and core courses as assigned each semester.
2. Assist with supervision and coordination of the clinical education of students in the program under the direction of the program director. These duties may include:
 - Development and documentation of appropriate clinical competencies, clinical evaluation forms and clinical rotation schedules that are in compliance with clinical affiliate agreements and program goals.
 - Maintaining appropriate records of student clinical education activities, instruction and evaluation.
 - Establishing and maintaining liaison with clinical education centers and personnel to facilitate the accomplishments of clinical education objectives.
 - Acting as representative to the Clinical Education Committees of the department and the college, developing and presenting continuing education opportunities for clinical instructors.
 - Counsel and advise students
3. Actively participate in program, department, college and university functions and committees.
4. Participate in scholarly research, service and teaching activities consonant with the role of a faculty member of the university, college and department.
5. Participate in department contracts as assigned.
6. Perform other duties as defined by the Program Director and/or Department Chairman.

Position will remain open until vacancy filled
