

Which Nutritional Sciences Program is Right for You?

We have multiple programs and it can be confusing to figure out which one is right for you. This decision tree is here to be helpful in deciding which program to select. There are always gray areas and we encourage you to contact any of the program directors with special situations or questions! Nutritional Sciences staff contact to direct you to the right program director: Dawn Horton dawn-horton@ouhsc.edu, 405.271.2113

A few simple questions...

- Do you have goals to become a Registered Dietitian (RD)? Select no if you already have your RD credential.
- Do you have an ACEND Verification Statement from an accredited Didactic Program in Dietetics (DPD)? If you don't know what one is, then you do not have one so choose "no".
- Do you have goals for earning a graduate degree or getting a job involving academic teaching, professional writing or research?
- Do you have a graduate degree (MPH, MS, MBA)?
