

POSITION DESCRIPTION

Assistant Professor of Speech-Language Pathology

Department of Communication Sciences and Disorders, CAH, OUHSC

I. Academic Appointment

This is a full-time, consecutive term, 12-month faculty position at the rank of Assistant Professor in the Department of Communication Sciences and Disorders (CSD), College of Allied Health (CAH), at The University of Oklahoma Health Sciences Center (OUHSC), Oklahoma City, OK.

II. Required Qualifications

Required qualifications include: an earned Master's or higher degree in Speech-Language Pathology from an accredited university program; current clinical credentials (CCC-SLP); eligibility for Oklahoma licensure; at least three years of post-certification work experience in the profession; experience with supervision of graduate SLP interns; excellent interpersonal, outreach, and communication skills; and clinical expertise in the area of adult neurogenic communication disorders.

III. Preferred Qualifications

Preferred qualifications include: additional interest in the area(s) of cleft palate, voice disorders, and/or professional voice; experience working with a variety of pediatric and adult clinical populations; successful experience with university teaching and/or professional presentations; interprofessional work experience in a medical setting; ability to communicate with a variety of service providers on a health sciences campus; and/or advanced clinical or research training.

IV. Areas of Responsibility

The individual filling this position will serve as an academic and clinical faculty member of the Speech-Language Pathology program within the department. Responsibilities will include, but are not limited to, the following:

- Teaching three undergraduate and/or graduate courses per year;
- Developing and supervising a client population of adults with neurogenic communication disorders in the university's *John W. Keys Speech and Hearing Center*;
- Providing supervision for other pediatric and adult clinical populations within the *John W. Keys Speech and Hearing Center*;
- Providing direct clinical services as needed;
- Participating in scholarly activities in area(s) of interest; and
- Participating in departmental, college, and university service and governance.

V. General Information

The Department of CSD is one of five academic departments within the College of Allied Health at the OUHSC. It is staffed by 13 full-time faculty members and offers four academic degree programs in speech-language pathology and in audiology: the pre-professional undergraduate degree (B.S. in CSD), two professional preparation degrees (M.A. in SLP, Au.D.), and the research degree (Ph.D. in either SLP or in Audiology). Within the college's Allied Health Clinics, the John W. Keys Speech and Hearing Center is administered by the Department of CSD and serves as an important research and clinical training site for students in the department's academic programs. The department's professional preparation programs in speech-language pathology and in audiology are nationally accredited by the

Council on Academic Accreditation in Audiology and in Speech-Language Pathology. The department is located within the recently completed Allied Health Building (AHB) on the OUHSC campus. Research laboratories, faculty offices, clinical facilities, and classrooms of all sizes within the AHB have been fitted with the latest technologies for research, academic teaching, and clinical instruction. To learn more about the department, please visit our website at <https://alliedhealth.ouhsc.edu/Departments/Communication-Sciences-and-Disorders>

The OUHSC is part of the University of Oklahoma system. Comprised of seven health-related colleges, it is one of only four comprehensive academic health centers in the nation. Opportunities for collaborative research and teaching are numerous on campus and at the nearby universities and hospitals in the region's major metropolitan areas. The University of Oklahoma's main campus is located in nearby Norman, OK. To learn more about the OUHSC and the College of Allied Health, please visit our websites at <http://www.ouhsc.edu> and at <https://alliedhealth.ouhsc.edu/>

Oklahoma City (OKC) is a beautiful, friendly, and growing metropolitan community (est. pop. 643,648). Located in the central plains between Dallas, TX and Tulsa, OK, the OKC metro area offers abundant arts, professional sports, quality health care, and excellent schools and universities in a thriving economic climate. To learn more about OKC and its surrounding communities, please visit the website of the Greater OKC Chamber of Commerce at <https://www.okcchamber.com>

VI. Salary

Salary is competitive and commensurate with rank, qualifications, and work experience.

VII. Beginning Date

The preferred start date for this position is August 1, 2019 but there is flexibility for an earlier or later start date if needed. Application review will begin immediately and continue until the position is filled.

VIII. Applications

Applications should include a letter of intent describing qualifications and experience, a complete curriculum vitae, and three letters of recommendation. Applications and requests for additional information may be submitted via mail or email and should be directed to:
