

## POSITION ANNOUNCEMENT

***Assistant Professor, Speech-Language Pathology*** The Department of Communication Sciences and Disorders at the University of Oklahoma Health Sciences Center is seeking an individual with expertise in adult neurogenic communication disorders to fill an academic/clinical full-time, 12-month, consecutive-term position starting August, 2019, with some flexibility in start date possible. Additional interest in cleft palate, voice disorders, and/or professional voice would be a plus. Duties will include teaching three undergraduate and/or graduate courses per year; developing and supervising a client population of adults with neurogenic communication disorders in the university's *John W. Keys Speech and Hearing Center*; providing supervision for other pediatric and adult populations within the clinic; providing direct clinical services as needed; participating in scholarly activities in area(s) of interest; and participating in departmental, college, and university service and governance. The qualified applicant will possess an earned master's or higher degree, CCC-SLP, eligibility for OK licensure, experience with a variety of adult and pediatric clinical populations, three years of post-certification work experience in the profession, experience with supervision of graduate interns, and excellent interpersonal, outreach, and communication skills. Successful university teaching experience, interprofessional work experience in a medical setting, and advanced clinical or research training are preferred but not required qualifications. Application review will begin immediately and will continue until the position is filled. Interested individuals should submit via email or mail a letter of intent describing qualifications and experience, a complete curriculum vitae, and three letters of recommendation to [sarah-buckingham@ouhsc.edu](mailto:sarah-buckingham@ouhsc.edu) or to Sarah S. Buckingham, Ph.D., Department of Communication Sciences and Disorders, P.O. Box 26901, University of Oklahoma Health Sciences Center, Oklahoma City, OK, 73117-1215. The University of Oklahoma is an Equal Opportunity Employer. Individuals with disabilities and protected veterans are encouraged to apply.
