

The UNIVERSITY of OKLAHOMA.
Health Sciences Center
College of Allied Health

August 19, 2020

Dear Student,

Welcome to the College of Allied Health at The University of Oklahoma Health Sciences Center! Our College is unmatched in preparing future allied health professionals. Your presence at the College's Orientation signifies success in a highly competitive admission process. It was the faculty's assessment that your academic record demonstrated the capacity to be successful in completion of a rigorous curriculum required in each program of the College.

Effective communication is the first tool critical to your success. Without hesitation, seek help and assistance from your faculty advisor, faculty or staff in your department, or from staff of the College's Office of Academic and Student Services. Your faculty advisor will be of immense assistance as you progress through your professional program in your career preparation. Please feel free to contact me or one of the staff in the Dean's office if further assistance is needed.

These are extraordinary times and I need your help this fall semester. Please follow all the requirements for wearing masks, social distancing, and other policies that we have in place to keep you healthy. Together we will stay safe.

Our College community extends its best wishes to you for an exciting and successful educational experience in the College of Allied Health!

Sincerely,

Allen Knehans, PhD, Dean
David Ross Boyd Professor
Stuart C. Miller Professor of Allied Health
