Allied Health Sciences
M.S.
Medical Dosimetry

Program Description
The Department of Allied Health Sciences offers a master of science program with a specialization in medical dosimetry designed to provide advanced education, training, and research to students desiring mastery in the area of medical dosimetry.

The graduate program provides learning opportunities for the purpose of fulfilling the following goals:
- To provide Registered Radiation Therapists, holding a B.A. or B.S. degree, an opportunity for advanced education, training, and research; and
- To provide individuals the opportunity to become eligible to make application to the Medical Dosimetry Certification Board (MDCB).

Admission Requirements
To be considered for admission, an applicant must:
- have a baccalaureate degree from an accredited college or university;
- have a 3.0 cumulative GPA on the last 60 hours of coursework applied to the degree or a minimum 3.0 GPA on graded graduate coursework of 12 or more hours. The College of Allied Health does not recognize academic forgiveness nor reprieve policies. All attempts of a course are included in the calculation of GPAs;
- complete all prerequisites with grades of C or better prior to beginning the program;
- be certified by the American Registry of Radiologic Technologist in Radiation Therapy;
- provide names, addresses, and phone numbers of three references each of whom are familiar with the applicant's skills, professional accomplishments, and intellectual potential;
- type a career goal statement which should include a description of how the applicant expects the program to assist in meeting their career goals; and
- earn a minimum score of 600 (paper-based) or 100 (internet-based) within two years prior to application on the Test of English as a Foreign Language (TOEFL) if English is the second language. TOEFL's web address is www.toefl.org.

Admission Prerequisites
Prerequisite courses are offered at most colleges and universities. Check the Transfer Equivalencies Database on the College of Allied Health web page (http://alliedhealth.ouhsc.edu/) or your school advisor regarding equivalent courses.

Required Prerequisites and Credit Hours
Calculus for Business, Life & Social Sciences (3 hrs)
General Chemistry I & Lab (4-5 hrs)
Medical Vocabulary (2-3 hrs)
Physics I for Life Science Majors
Physics II for Life Science Majors
Application Procedure
Follow the step-by-step process for successful application at the following website:
http://alliedhealth.ouhsc.edu/ProspectiveStudents/ApplyingtosProgram.aspx.

Applicants must submit the following by April 1 for fall admission:
- a completed University of Oklahoma Health Sciences Center application;
- official transcripts from all colleges or universities attended;
- name, address, and phone number of three references;
- a career goal statement; and
- non-refundable application fees.

Estimated Program Costs
Please go to www.ouhsc.edu/financialservices/SFA/OUHSCCosts.asp to review the tuition and fees as well as additional cost information. Students may expect additional costs that include, but are not limited to, a personal computer, textbooks, lab fees, insurance, and supplies. Students are required to assume financial responsibilities for expenses associated with clinical requirements. For financial aid information, contact the Financial Aid Office by email at financial-aid@ouhsc.edu or by telephone at (405) 271-2118.
