Clinical education for this semester is taken under MIRS 4460 Advanced Clinical Radiography. Unless on a special schedule, students are enrolled in 5 clinical credit hours for this semester, which is equivalent to 30 contact hours per week. Weekly discussion Tuesday, 11:00 – 11:50 substitutes for 1 hour of clinical education contact.

Your Clinical Coordinator will provide a clinical rotation assignment schedule. Additional clinical contact hours may be necessary if inadequate progress is evident.
