Clinical education for this semester is taken under MIRS 4660 Clinical Radiation Therapy. Unless on a special schedule, students are enrolled in 2 clinical credit hours for this semester, which is equivalent to 24 contact hours per week. Ten hours per week make-up time. Weekly clinical discussion Thursday 4:00 - 4:50 substitutes for 1 hour of clinical education contact.

A clinical rotation assignment schedule will be provided by your Program Director/Clinical Coordinator. Additional clinical contact hours may be necessary if inadequate progress is evident.
