- Strong skills in Microsoft Office Suite programs and an openness to new technology.

RESPONSIBILITIES:
Supports the development of the Department of Rehabilitation Sciences through research, teaching, and service activities.

Rank/Appointment: Assistant Professor, Tenure Track.

The Department of Rehabilitation Sciences located in the College of Allied Health on the OU-Tulsa Schusterman Campus in Tulsa, Oklahoma invites applications from occupational therapists with an earned post-professional doctorate to apply for a 12 month, tenure track appointment in our innovative and expanding Occupational Therapy program.

The OU Occupational Therapy program has a 48-year history of attracting students from around the country through excellence in education and research. Our program at OU-Tulsa enjoys the richness of collaboration with multiple disciplines across two campuses, the OU Tulsa Schusterman Center and the OU Health Sciences Center in Oklahoma City. Specifically, the Tulsa campus has collaborative opportunities with Community Medicine, Social Work, and Education. The OU Occupational Therapy program shares a unique interprofessional curriculum with our Doctor of Physical Therapy program. Tulsa is a beautiful, metropolitan city ranked as a Best Place to Live with world class parks, recreation, and the arts.

OU is an AA/EO institution. Individuals with disabilities and protected veterans are encouraged to apply.
