5. Once logged in, Select "COOP Remote Pool" from the list of available virtual desktops.

6. Wait for your desktop to load.

	Welcome		

Your connected to your virtual machine! Now completed the rest of the first time setup:

7. Once your desktop loads, open the "Google Chrome" Web Browser within your virtual machine's desktop.

- 8. Browse to the <u>http://ahrealm/</u> website COAH IT has created.
- 9. Click to Download the "Set VDI Profile Script".

10. Click to run the "setprofile.bat" in the bottom-left hand corner of the chrome window.

- 11. After a few seconds your network shares will appear on your desktop.
- 12. Close Google Chrome.

13. Finally, after that - Right click anywhere in the blue desktop background of your virtual desktop and choose "refresh".

	View	
	Sort by	
	Refresh	
	Paste	
	Paste shortcut	
	Undo Delete	Ctrl+Z
	New	
-	Display settings	
-	Personalize	

You will now see your Microsoft Office icons!

Enjoy your Virtual Desktop! Open Outlook to get your email. Access your files on your network shares, etc...
