Graduation Rates represent the students completing the program. Students who did not complete the program due to academic reasons; voluntary withdraw; medical reasons; etc. are considered attrition.

Certification Rates represent the students who passed the certification on the first attempt within 6 months of graduating for Nuclear Medicine, Radiation Therapy and Radiography and first attempt within 12 months of graduating for Sonography.

Job Placement Rates are reported as defined by programmatic accreditation standards within a 6 -12 month time post-graduation. This data indicates graduates who entered a job within the profession. Numbers in parentheses are graduates who chose to attend further education (such as graduate school) and number in brackets{} are graduates who are not actively seeking employment outside of the Oklahoma City metro area.
