### Summer Anatomy Students:

The summer anatomy course has an AM lab (lab I) and a PM lab (lab II). Students can be in either lab without any academic conflict. The only fair way to deal with this issue is to randomly assign students into the AM lab (lab I) or PM lab (lab II). Many students can make compelling cases as to why they need to be in one lab or the other. There is no way to evaluate which students have the most compelling circumstances and thus there will be no exceptions to this rule. AM/PM labs will switch on July 6th, giving all students a chance to be in person for the lectures within the semester.  

*All lectures/labs will take place on OKC campus (AHB/Allied Health Building)*
